

LIBERTY'S ROCKET REPORT

SEPTEMBER 2024

Our Journey Through the Astral Adventures of Preschool at Liberty Barn Preschool

A NOTE FROM OUR COMMANDER

Welcome to another exciting year at Liberty Barn Preschool (LBP)! As we embark on this new journey together, I'm thrilled to introduce our space-themed focus for our year together. Just like the vast, unexplored cosmos, your children are full of limitless potential, and we are here to help them soar to new heights! Our theme, "Our Journey Through the Astral Adventures of Preschool," symbolizes the adventure we're all on—discovering new skills, making connection, fostering curiosity, and exploring the wonders of the world around us. Just as astronauts prepare for their missions, our teachers have been busy planning enriching activities designed to ignite a lifelong love of learning in your little ones. This year, we'll be guiding your children through a universe of new experiences. Every day at LBP is a step on their personal voyage of discovery. We believe that every child is a star in their own right, and it is our mission to help them shine as brightly as possible. As parents, you are vital co-pilots on this journey. Your support and involvement are key to ensuring that your child's experience here is out of this world. We encourage you to engage with our monthly newsletter, "Liberty's Rocket Report," where we'll share updates, important dates, and highlights from our classrooms. Please know that my door is always open, whether you have questions, ideas, or simply want to chat about your child's progress. We are all in this together, and I am honored to be part of your child's educational journey. Here's to a year full of growth, discovery, and boundless possibilities!

Tracy Gascon

IN SEPTEMBER

- 2 NO SCHOOL-LABOR DAY
- 3 FIRST DAY OF SCHOOL

IN OCTOBER

- 1/2 FIELD TRIP TO LEEDS FARM
- 10/11 PICTURE DAYS
- 18 NO SCHOOL
- 30/31 HALLOWEEN PARADES

Be sure to look for news from your classroom for detail on the Leeds Farm Field Trip, Picture Days and the Halloween Dress-Up Parade.

LIBERTY BARN
PRESCHOOL

KROGER REWARDS

We're excited to share a simple yet powerful way you can help our school soar to new heights—by linking your Kroger shopping card to our school! Just as astronauts rely on teamwork to reach the stars, we rely on our community to support our mission. By connecting your Kroger card to our school, Kroger will give back a portion of your spending to our non-profit organization. If every family joins this effort, we could earn a significant boost that helps fund the enriching experiences we provide for your children. It's an effortless way to contribute to our shared journey, and every purchase you make helps fuel our programs, just like the thrusters of a rocket ship!

STAR TEACHER FEATURE

Mrs. Carroll MWF 5'S

Where were you born?
Tiffin, Ohio

My favorite type of cookie is:
chocolate chip (but any will do)

Ocean or mountains?
hands, down-Ocean!

The person I would most like to enjoy a meal with is:
my grandma & my mother-in-law. I miss them.

My favorite holiday is:
Christmas! It's magical.

YOUR STELLAR STASH BAG

Introducing the Stellar Stash Bag—our school-issued black tote bag designed to be your child's personal mission pack! These bags are the perfect fit for our cubbies, ensuring that every little astronaut's belongings are securely stowed for the day's adventures. To make the Stellar Stash Bag uniquely theirs, we encourage you to decorate it together with your child—whether it's adding a splash of color, stickers, or a touch of sparkle, this is a fun way to personalize their gear and get them excited for their daily journey through the stars of learning. Please use this bag instead of a backpack to keep our cubby area neat and organized.

School policy requires all students be potty-trained and diapers/pull-ups are not to be worn at school.

PARENT COMMITTEE

Our Parent Committee plays a crucial role in our school's cosmic journey! Like a team of space mission specialists, they help chart the course for our fundraising initiatives and assist with special events, ensuring that every mission is a success. Their dedication and creativity fuel our efforts to provide enriching experiences for our students. From planning stellar fundraisers to organizing galactic events, their support helps us reach new heights and achieve our goals. We are incredibly grateful for their contributions and invite more families to join our crew in making this year truly out of this world! Please contact the office and we will put you in touch with Mrs. Adrian, Mrs. Beck and Mrs. Hill if you want to join this awesome community of parents.
