OUR EXTRA-CURRICULAR EXPERIENCES

With registration underway for next year, I wanted to remind our LEEC family that we have some opportunities to enhance your child's time here at school. Our Art & Literature Club (featured in the above image) meets for two hours on Thursdays after Lunch Bunch. Students participate in 2-3 art activities each afternoon in conjunction with a story they read together. They begin each afternoon with work in their Art Journal, have some free time to color and then read a story. Following the story, students work on new art projects or finish projects started the week before. Our Enrichment Club is an amazing opportunity wherein students explore other parts of the world by visiting a new country every week. While there, students experience the food, culture, flag, traditions, sports events, etc. This Club meets on Tuesday's after Lunch Bunch and is reserved for older students. Lastly, our Lunch Bunch is open to all students and meets Monday through Thursday from 11:30 to 12:30. These additional programs will fill before the start of school so I want to encourage you to register now if you are interested.

PARENT PORTAL INVITE

Parent Portal invitations are to come. Procare is the company we have selected to support our financial needs: they will send out tuition reminders, reconcile each account, and maintain family-friendly records wherein you can download statements. Additionally, the Procare system will enable families to review the paperwork we have on file for accuracy and updates. This is so handy specifically with regard to the Medical Statement that expires after one year from the child's last physician visit. This week Procare inadvertently sent out tuition notice reminders one month early.

We apologize for the misunderstanding as it has been our goal to keep you abreast of this change and to prepare you for this notice AHEAD of time. This is the reason for the social media posts, the emails and the messages in previous newsletters. At the moment, we are reviewing all the data we have entered/transferred to the new system for accuracy so that when the system is ready, we bill you the correct amount. It's imperative moving forward that you take the time to read through the emails we send out so you have the opportunity to create your own account and are ready for future communication, etc. We thank you for your cooperation, patience and assistance with this matter as we make this very important transition.
